1 March 2021

**Attention: All Editors  
For Immediate Release**

### **SPECULATION AROUND THE ADMISSION PROCESS OF THE EC PREMIER AS A UFH POSTGRADUATE STUDENT**

The University of Fort Hare has noted media and public interest generated by an article in yesterday's issue of *Sunday World*. The publication comes on the heels of similar enquiries from other media houses.

The university's position on the matter remains unambiguous. We do not discuss student information in the media. This confidentiality clause extends to all University of Fort Hare students.

We request members of the media fraternity, UFH staff and other members of society to respect the university's position. The current level of speculation on social media has potential to cause reputational harm to all parties.

The university will issue a statement when it is necessary to do so.

Ends.
